

**Request for connection to the Irish Beach Water System at the following location:**

Unit# \_\_\_\_\_ Lot # \_\_\_\_\_ Parcel # \_\_\_\_\_

Street Address: \_\_\_\_\_

The following permitting actions have been taken:

<b>Agency</b>	<b>Date Permit Approved</b>
California Coastal Commission	
Mendocino County Planning & Building Servi	
Irish Beach Architectural Committee	

The following requirements will be followed during and following the construction of the house:

- 1) Any connection to the water system for a home that will have fire suppression, is required to install a certified double check valve backflow prevention device. After installation is complete, the District will be provided with a plan showing the location of the backflow device as well as confirmation of the type of device.
- 2) The plumbing contractor shall use lead-free solder.
- 3) After the septic tank has been placed, the District will be provided with a plot plan showing the exact location of the tank in relation to the house, as well as a copy of the Mendocino County inspection report at the time of construction, as well as the report of a State licensed inspector every five years thereafter.

I understand the requirements outlined above and agree to abide by the Irish Beach Water District policies relating to water service and payment for water service. Please visit the District's web site for further information at [www.ibwd.org](http://www.ibwd.org).

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

**Please enclose a check for \$600.00 (3/4" connection) or \$1,611.00 (1" connection).**
